

Rayat Shikshan Sanstha's

Mahatma Phule Mahavidyalaya, Pimpri, Pune Reaccredited with 'A' Grade by NAAC/ DST-FIST funded /An ISO 9001:2015 Certified College Affiliated to Savitribai Phule Pune University, Pune (PU/PN/ACS/053)

Department of Chemistry

Program Outcomes

M.Sc.

Name of the program	Program Code	Program Outcome	
Masters of Science		PO 1	Knowledge and Understanding: Graduates of M.Sc.
			Organic Chemistry will have a comprehensive
			knowledge and understanding of the fundamental
			concepts, theories, and principles of organic chemistry,
			including reaction mechanisms, synthesis, and analysis
			of organic compounds.
		PO 2	Experimental Skills: Graduates will be proficient in
			performing a variety of laboratory techniques and
			procedures, including synthesis, separation,
			purification, and characterization of organic compounds
			using spectroscopic and chromatographic methods.
		PO 3	Problem Solving: Graduates will be able to apply their
			knowledge and analytical skills to identify, formulate
			and solve complex problems related to organic
			chemistry.
		PO 4	Research Aptitude: Graduates will have the ability to
			conduct independent research, design experiments,
			analyze data, and draw meaningful conclusions, as well
			as the ability to critically evaluate scientific literature.

PO 5 PO 6	Communication Skills: Graduates will be able to effectively communicate scientific ideas and results, both orally and in writing, to diverse audiences. Ethical and Professional Values: Graduates will demonstrate ethical and professional values, including academic integrity, social responsibility, and respect for
PO 7	diversity, in their research, teaching, and professional practice. Lifelong Learning: Graduates will have the ability to pursue lifelong learning and professional development, and adapt to changing trends and emerging technologies in the field of organic chemistry.
