

## Student-Centric Teaching Learning Process (2020-21)

This college strives hard to comply students needs in the changing scenario in higher education. The faculty members across all the streams apply various ICT-based teaching-learning methods with timely relevant student participative tools and techniques. Students are taken to the real life situations dealing with open-ended problems. It enhances their (students') learning experience and boosts them to face actual problems that could occur in their post-education phase. Following are few of such snaps:

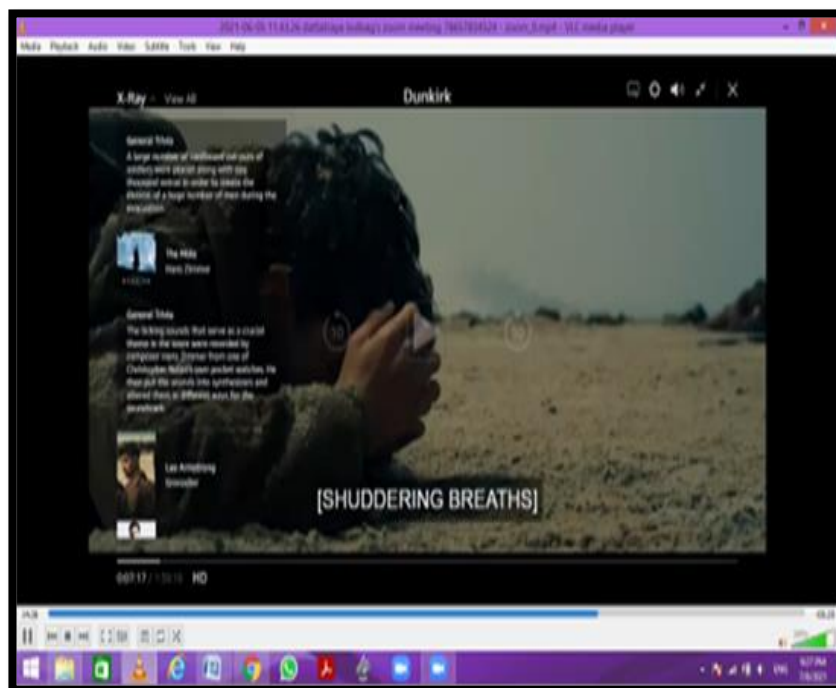

### 1) Participative Learning:

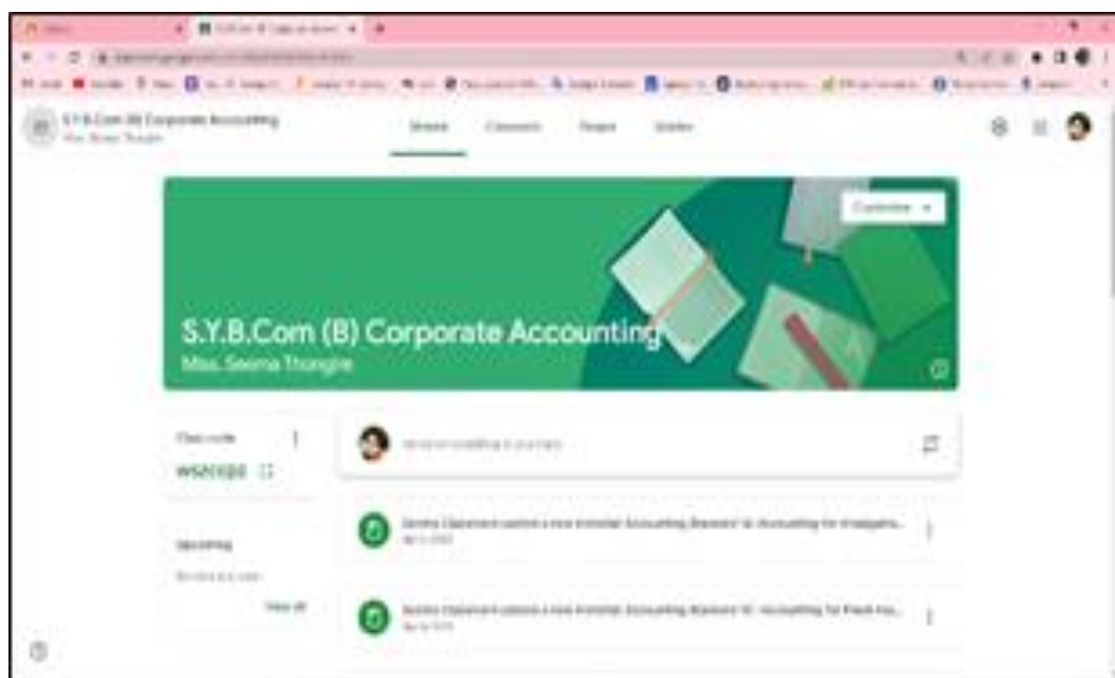

**Department of Geography-PPT Presentation by students**

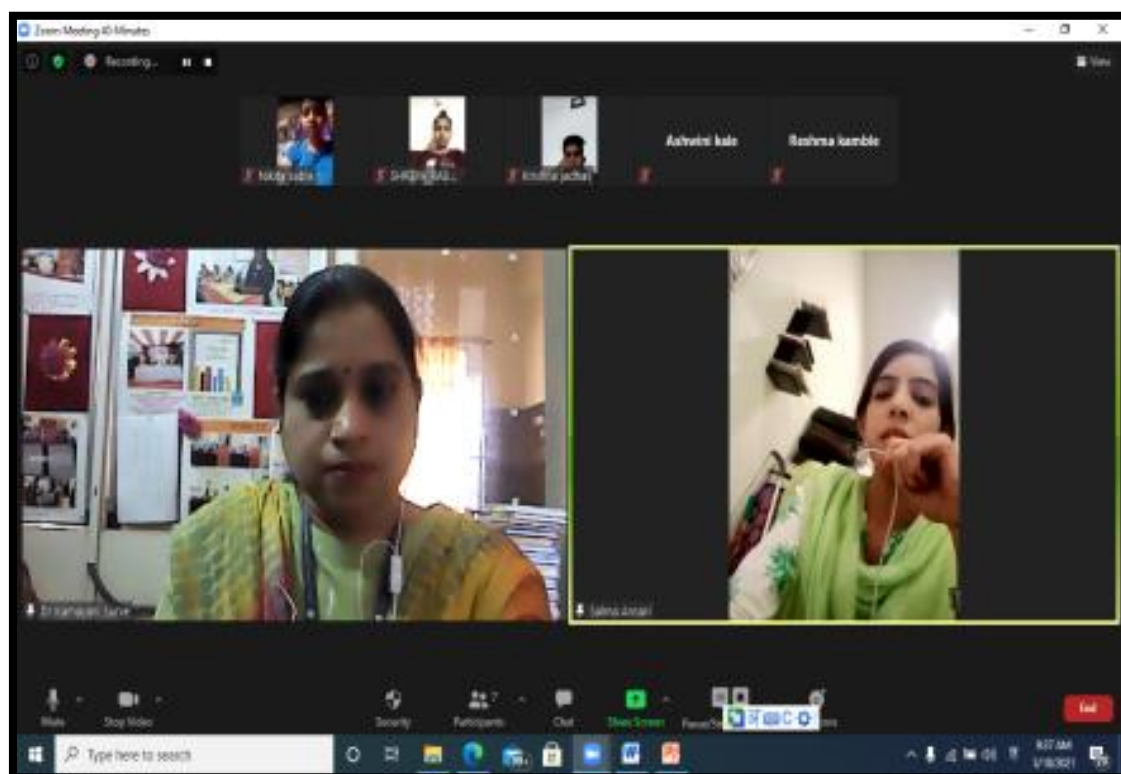

**Department of Geography –Online Group Discussion**

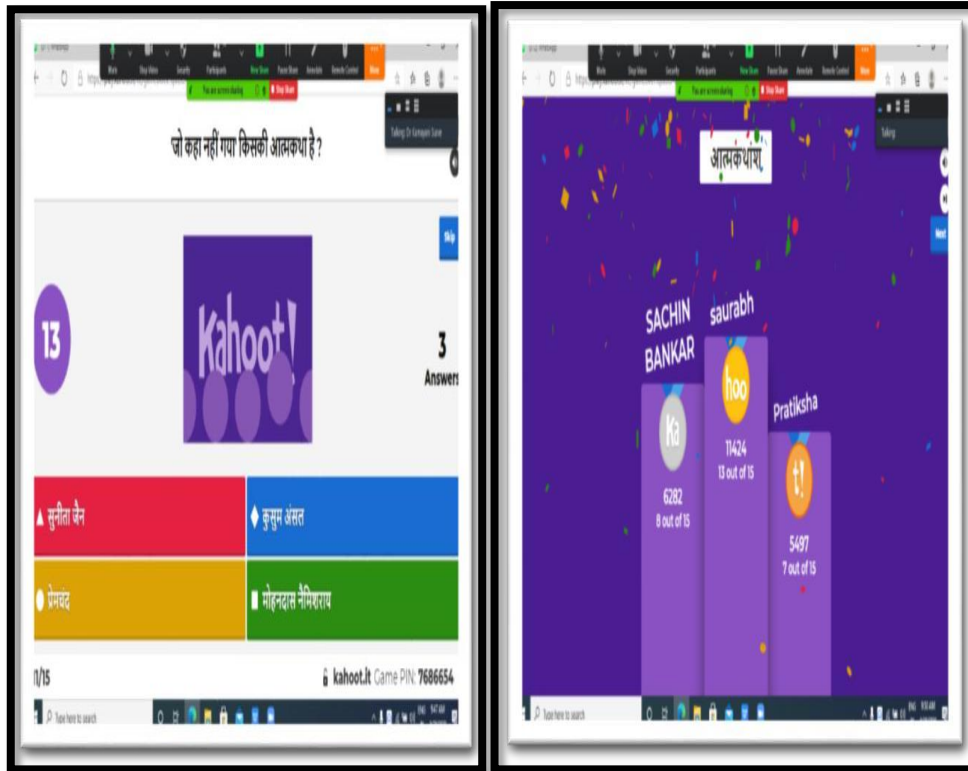

**Department of Mass Communication- T.Y.B.Voc.  
Film Analysis (Students and Faculty)**

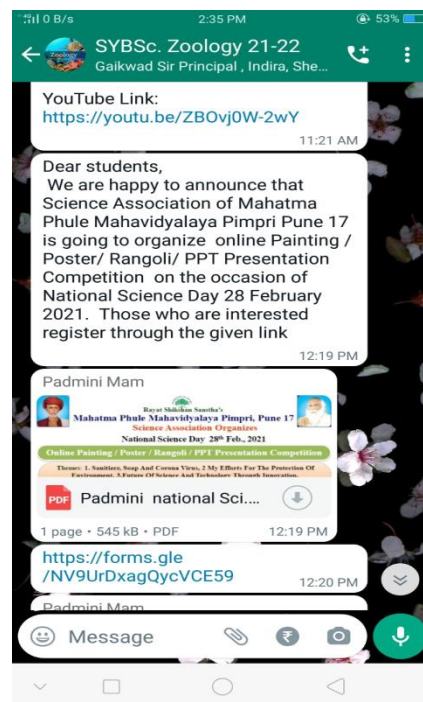

Department of Commerce- S.Y.B.Com.06/04/2021-Google Classroom

Department of Hindi F.Y.B.A.18/03/2021 Online Group Discussion

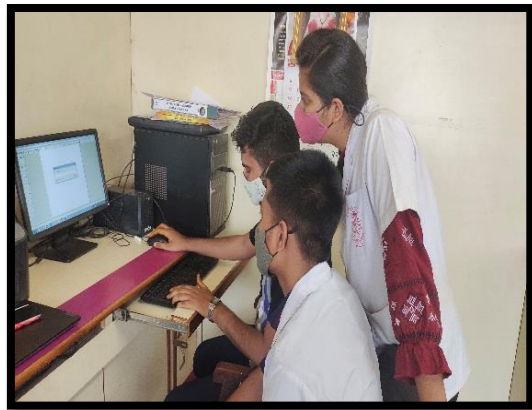

Department of Hindi-T.Y.B.A. 29/09/2020 Online Participative Learning (Kahoot!)
